

RECYCLING GUIDE

It's only garbage if you put it there. Did you know that more than half of your household waste can be recycled?

Manitobans are doing a great job recycling, but we can always do more.

BY THE NUMBERS...

85,259,254 kg

recovered in 2017
enough to fill Investors
Group Field 6 feet deep

71 kg

recycled per person,
about the average
weight of a medium
sized man.

EXAMPLES OF RECYCLABLE ITEMS

These are types of recyclable materials accepted in your recycling program:

Newspapers and flyers

Aluminum food and beverage containers

Glass food and beverage containers

Steel food and beverage containers

PET #1 plastic food and beverage containers

Magazines and catalogues

Gable top containers

Boxboard

Paper directories

Residential corrugated cardboard

Aseptic packaging

HDPE #2 plastic containers

#4, #5 and #7 plastic containers

RECYCLING TIPS

- Toss your recyclables loosely into the bins without stuffing containers together.
- When you're recycling paper and boxes, fold and flatten them to save space.
- You don't have to remove lids or labels, just make sure your bottles and containers are clean and empty! A quick rinse is always appreciated.
- Recycling happens in more places than just your kitchen. Remember to recycle in all areas of your home.
- Don't put anything in your recycling bin that your municipality does not accept – check online first at simplyrecycle.ca or at rmofmorris.ca.

UNACCEPTED MATERIALS

Please **do not** place any of these items in your blue bins:

- ⊘ Aluminum foil, foil pie plates or foil food containers
- ⊘ Dishes, ceramics or crystal
- ⊘ Electronics
- ⊘ Foam packaging of any kind
- ⊘ Paint cans or oil cans
- ⊘ Paper towels, tissues or napkins
- ⊘ Plastic bags or cellophane
- ⊘ Steel pots and pans or scrap materials
- ⊘ Wax or foil coated paper
- ⊘ Window glass, mirrors or broken glass

PLASTIC BAG RECYCLING

In Manitoba, **plastic bags are not accepted** in your recycling bin. Fortunately, many retailers in Manitoba accept your used plastic bags. Remember, reduce your use of plastic bags by bringing a reusable option, reuse “single-use” bags for household garbage, pet waste and other items, and finally, recycle the ones already in your home.
