The Building Inspector had raised a question regarding Mr. Philippe Chartier building a hay shelter. Council responded that Mr. Chartier should obtain a necessary permit.

The Building Inspector had reported on garages in Lowe Farm. There is nothing in the policy to disallow tent type garages. It was advised that these garages are permitted, but that they block the view and are bright yellow.

Council decided that they would not allow these garages because they appear to be permanent.

There being no further business the meeting was then adjourned at 9:50 p.m.
